President's Message
HLAA-TC President's Message –
September 2024
Robin Coninx

Welcome to Fall!

HLAATC is gearing up again to have our chapter meetings, which will take place the 3rd Saturday of each month, September through May!

Here is what HLAATC is all about: (if you have a friend who is hard of hearing, please pass HLAATC information on to them)

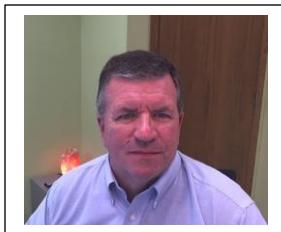

Hearing Loss Association of America Twin Cities Chapter (HLAATC) is a 5013c not-for-profit organization that supports individuals who identify as Hard of Hearing, and who use listening and spoken language. These individuals may also use technology to support their access to spoken language, such as: Bluetooth-enabled hearing aids that can stream from electronic media or from the environment, phone apps that can convert speech to text, CART to caption all speakers in the room, hearing loops to connect the speaker voice through t-coils in hearing aids. The main way we communicate is with spoken language.

It is vital that we get the information out to hard of hearing individuals who are looking for a community that understands the challenges and struggles of being hard of hearing.

Come join us as it is our goal to help you have well-rounded support on your life's journey with hearing loss.

Interim President, Robin 'Byrdie' Coninx!

September 24th Chapter Meeting Equipment and app Demos

Kirk Anderson, TED Specialist
Minnesota Department of Human Services

DHS phone equipment loan program presentation

Kirk will describe the phone loan program
and play videos demonstrating how the phones and their apps work.

App Demos *YOU!, HLAATC members*

Do you have equipment or an app that you have found useful in your life with hearing loss? If so, consider telling us about it at the meeting and, even better, bring it along and show us how it works.

Let's spend our first meeting learning about resources, sharing our experiences and getting reacquainted.

Please join us and please invite those you know who experience hearing loss or have family with hearing loss. Together we can make our lives even better. Our meetings are held in the Board Room at Courage Kenny Rehabilitation Institute, 3915 Golden Valley Road, Minneapolis from 9:30 until noon on the 3rd Saturday of the month, September through May. Our meetings this year will be in person only as the hybrid format just did not work out well at all last year.

2024/25 Meeting and Activity Schedule

Your Program Committee has spent the summer putting together a schedule of speakers and activities that we think you will enjoy. (See the list below). We are still working on some of the activities and will fill in the schedule with more information as it becomes available. If you have suggestions or requests for this year's activities, let me know (Christy Myers, cmyersphoto@gmail.com).

Thank you very much to the people who put together this schedule of speakers and activities: Christy Myers, Karla Sand, Mark Daly, Laura Hagemann, Maya Larson and Robin Coninx.

It's Official!

As of August 1, 2024:

The Deaf and Hard of Hearing Services Division name changed to the Deaf, DeafBlind and Hard of Hearing State Services Division.

These changes were made to reflect the services and supports we are already providing to people who are deafblind and the community. We are not changing the scope of our work.

Membership Renewals

Christy Myers

It is that time of year again to renew your support of our Twin Cities Chapter of the Hearing Loss Association of America (HLAA-TC).

This coming year you can expect some great speakers on interesting topics, opportunities to get to know equipment and apps that can help you in your hearing journey, and time to socialize and create community. We are even planning a few outings, so stay tuned.

Help us by doing the following three things:

Complete the membership form at the end of this newsletter and return it with your payment

Volunteer. This group will not be able to continue without your support. Robin has provided a list of ideas (see below). Take a look and find something that fits you. It is a great way to feel more involved and get to know each other better

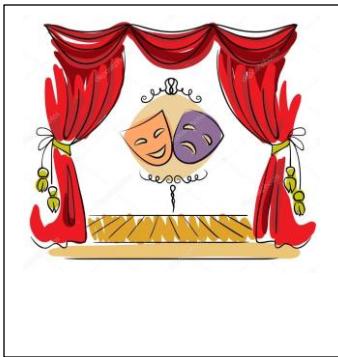

Invite someone you know who has hearing loss. It is together that we can make real change to open the world of communication to those of us with hearing loss.

New this year: we are in the process of setting up online payments and mailings, so expect to receive a mailing via email in the next month (unless you have paid your dues by then, of course.)

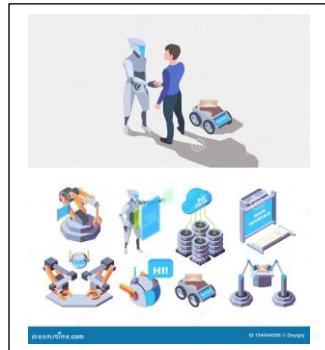

Help Wanted for Chapter meetings **We need volunteers for the following tasks!**

- Bring items up from storage at Courage Center for each meeting
- Organize meeting items on welcome table
- Set-up table and chairs for meeting
- Greeter for each meeting
- Bring snacks
- Bring coffee
- Tech assistant

Outings Anyone?

Christy Myers

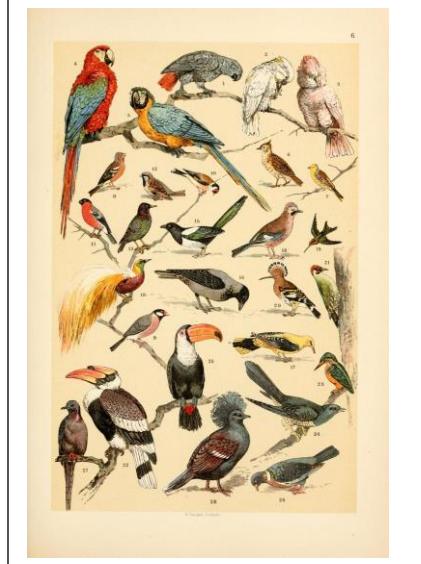

You will see that on our schedule of Chapter meetings for the year, we also have some outings listed. At present, these are in the planning stages and your input will be appreciated. In December, for instance, we think it would be fun to attend a play together and try out the newer accessibility options that some theaters are now offering. Could this be a trip to see A Christmas Carol at an open captioned performance at the Guthrie, or possibly an Agatha Christie play at Theater in the Round? Both theaters are making a real effort to provide access to people with hearing loss. We could try it out and tell them what we think.

If you are interested in attending a play, please let me (Christy Myers, cmeyersphoto@gmail.com) know, or talk to anyone on the Board at our Chapter meetings. We will send more information later.

In March, we are thinking about attending lobby day together at the state capitol to make our voices heard there. And in May, perhaps we can tour one of our local hearing aid manufacturers. All of these outings are still in the process of planning but we are hopeful. Any other ideas?

Let us know what type of outing you would enjoy. As a group, we would be in a stronger position to demand accessibility for our hearing loss, so let's get out of the house, have some fun together and make a positive impact on the world of hearing loss.
